

The Philippine Journal of Veterinary Medicine

Volume 59

No. 2

July-December 2022

CONTENTS Original Articles

Anatomy

- Anatomical light microscopic features of down feathers of four species of cockatoos (AVES: Psittaciformes: Psittacidae).....88
MLG Panganiban, EA Lastica-Ternura and MLS Flores

Diagnostic Imaging

- Echocardiographic features of apparently healthy captive white-bellied sea eagles (*Haliaeetus leucogaster*, Gmelin 1788) (AVES: Accipitriformes: Accipitridae).....99
JAJ de Ramos, EA Lastica-Ternura and JA Acorda

Microbiology

- Genetic characterization and phylogenetic analysis of infectious bursal disease virus from commercial broiler flocks in the Philippines.....107
MLG Atienza, GMR Gagan, EJ Arellano, LADC Leynes, YRM Tibayan, DBR Padaon, JPA Ramoso, MCN Rundina-Dela Cruz, GA Camer, RD Domingo, D Endoh and DV Umali

- Antibiogram and stress response to *Salmonella* infection in Philippine native chickens.....120
LM Balala, BC Mendoza, LR Baldrias, MP Balolong and JS Masangkay

- Serologic and molecular detection of porcine reproductive and respiratory syndrome virus in plasma of domestic pigs from selected backyard farms in Luzon, Philippines.....133
JMG Bernardo, EJS Vergara, GMV Pangga and TMA Collantes

- Genetic diversity of avian infectious bronchitis virus in commercial poultry flocks in select regions of the Philippines.....143
GMR Gagan, MSL Zafra, MLG Atienza, EJ Arellano, LADC Leynes, YRM Tibayan, DBR Padaon, JPA Ramoso, MCN Rundina-Dela Cruz, GA Camer, RD Domingo, D Endoh and DV Umali

- Molecular characterization of lumpy skin disease virus emerged in northern Vietnam in 2020 based on RPO30 and GPCR genes.....155
TTH Giang, MT Ngan, DH Anh, NV Giap, HTM Le

Zootechnics

- Boar spermatozoa maintain DNA integrity after cryopreservation using different concentrations of glycerol.....164
ST Peña Jr., B Gummow, AJ Parker and DBBP Paris

- Productivity and technical efficiency of small hold hog farming from the 3rd district of Pampanga, Philippines.....174
JC Salazar and CN Mingala

Research Notes

Pathology

The presence of CSCs and EMT markers are positively correlated with canine malignant mammary gland tumors in Iran.....185
H Marzban, S Mirlafti, N Pedram, K Valinezhad, Y Gholampour, Z Asghari, S Moradi, KG Rad, SN Larki and N Saranjam

Preventive effects of *Apis dorsata* honey on the spermatogenic cells and sertoli cells count of mice (*Mus musculus*) exposed to monosodium glutamate.....193
JS Argerista, S Sarudji, Widjiati, E Safitri, A Ma'ruf, EP Hestianah VF Hendrawan and EM Luqman

Pharmacology

Evaluating CUPROHCA® as an alternative to the copper sulphate footbath.....199
LE Yanmaz, ÖT Orhun, C Öz and Y Kocaman
